¹H.B. 133 included the following two appropriations:

- "(1) as an ongoing appropriation, \$615,000, from the General Fund for fiscal year 2008-09 to the Department of Health to be used to fund health care cost and quality data collection, analysis, and distribution;"
(This appropriation funds the plan established under 2007 H.B. 9, Health Care Cost and Quality Data, (Morley) to collect, analyze, and use data that measures costs and reimbursements for risk-adjusted episodes of care.)
- "(2) \$500,000 from the General Fund for fiscal year 2008-09 only, to the Department of Health to fund the Department of Health's implementation of the standards developed for the electronic exchange of clinical health information;"
(This appropriation funds 2008 H.B. 47, Standards for Electronic Exchange of Clinical Health Information, (Menlove) which requires the Department of Health to "adopt standards for the electronic exchange of clinical health information between health care providers and third party payers."
